## TRANSFER OR CHANGE OF OPERATOR

Any change of operator must be promptly reported to the appropriate BLM field office. In the event of a change of operator involving an existing notice or approved plan of operations, the BLM will not transfer reclamation responsibility to the new operator until it is assured that the new operator or the subject operation has satisfied the requirements of the 43 CFR 3809 regulations as they relate to bonding. Reclamation responsibility remains with the existing bond until satisfactory replacement bonding is accepted for the operation. To expedite approval of operator transfer or change, the form contained in the Attachment below may be submitted to the appropriate BLM field office.

## NOTIFICATION OF CHANGE OF OPERATOR And ASSUMPTION OF PAST LIABILITY

Therefore, the undersigned transferee hereby assumes all liabilities that may be outstanding on the plan of operations or notice shown below, including, but not limited to, the obligation to properly reclaim and restore the land disturbed on said plan or notice within the approved reclamation plan or notice filed with the BLM; provided that the obligation shall not act to increase the potential or cumulative liability above the face amount of the replacement bond to which this notification attaches in the amount stated below as required from the transferee.
